

Attn: Oscar Garcia
Address: 201 S. Biscayne Blvd
Miami, Florida 33131

The National Business Aviation Association Official Student Group (NBAA OSG) at Embry-Riddle Aeronautical University (ERAU) is cordially inviting Mr. Oscar Garcia to participate in our second corporate aviation panel discussion to be held on Thursday, March 25th, 2010, at 6:00 pm on the grounds of the Embry-Riddle Aeronautical University's Daytona Beach campus.

The main focus of this info session is to increase awareness of the corporate aviation industry and promote networking opportunities for all who attend. Through a meticulous selection process, you have been chosen attributable to your prominent role and level of professionalism in corporate aviation today.

We would be honored to have you participate again as a member of this corporate aviation panel. Your participation in imparting knowledge and experience about the corporate aviation industry is of great value to our students and their various curriculums of study.

Embry Riddle Aeronautical University, known to be the leader in aviation studies worldwide, is an excellent source for future corporate aviation professionals throughout the industry. In exposing the various facets of this niche industry your company may benefit in finding talented prospects for internships and/or full-time employment.

Event details:

The event will consist of each speaker being allotted 15-20 minutes to address the audience (with MS PowerPoint or otherwise) on:

- (a) Your background
- (b) How you got into corporate aviation
- (c) How your company is coping in this economy
- (d) How students can prepare for the field of corporate aviation
- (e) How students can stand out in the challenging corporate aviation market today

Concluding presentations, there will be a Q&A session to accommodate audience queries.

The target audience is graduating seniors and graduate students from all curriculums, although all students are welcome to gain exposure. The audience will consist of other Embry Riddle alumni and aviation professionals who can also testify and support the Q &A.

Your hotel accommodations for the night of March 25th, and ground transportation to and from the airport are being arranged through Embry Riddle.

Timeline:

DATE: Thursday, March 25th, 2010

TIME: 6:00 pm to 8:30 pm

Layout:

Atrium arena with 60 to 70 seated capacity. Each guest company has the option of displaying its banner up and/or company paraphernalia for general distribution. Light snacks and beverages will be available after the conclusion of the Panel Discussion.

Organizational Background:

The National Business Aviation Association Official Student Group (NBAA OSG) originated in 2009 at Embry-Riddle Aeronautical University on the Daytona Beach campus.

Among the main goals of the NBAA OSG are

- i) To support the mission and motives of the National Business Aviation Association
- ii) To research and exemplify various aspects of corporate aviation for members of the corporate aviation industry and the general public
- iii) To provide greater exposure of general aviation and its benefits to community colleges and local high schools

The NBAA OSG achieves these goals through these various committees.

Website Committee: Responsible for the web presence of the NBAA OSG

Newsletter Committee: Responsible for the publication of “GlideSlope”, the monthly newsletter of the NBAA OSG.

Marketing Committee: Responsible for the development and implementation of various marketing initiatives exhibiting NBAA OSG in the corporate aviation industry

Alumni Committee: Responsible for the development of a relationship between alumni in the corporate aviation industry and NBAA OSG

Industry/Academic Research Committee: Responsible for the development and implementation of industry and academic research needed by NBAA members and other entities, as well as the development of a minor course of study in Corporate Aviation.

Philanthropy & Outreach Committee: Responsible for the development and implementation of initiatives designed to provide news, general information and insight on becoming an aviation professional.
